

La Carrera Panamericana 2020

To all our media friends,

It is a pleasure for the Organizing Committee of La Carrera Panamericana to be in contact with you for the 33rd Edition of its modern era in such a special year when we celebrate the 70th Anniversary of the first checkered flag in 1950.

As you know, La Carrera was created for the inauguration of the Panamerican Highway in the section that corresponded to our country, the route ran from Ciudad Juarez to El Ocotil on the border with Guatemala. This year we will go through the "Legendary Stage", where great drivers such as Hershel McGriff, Piero Taruffi, Karl King, Juan Manuel Fangio, Umberto Maglioli, Felice Bonetto, Hans Hermann, among others, traveled the mythical Highway 45 and wrote part of the history of world motoring.

This year's route is designed to cover 689 km of speed stages instead of the 616 km of last year. This represents a unique opportunity to revive the legend in all its breadth.

Without any doubt, we have spent a year like no other, so we will carry out a "Safe Race" for which the Organizing Committee has developed the Safety and Health Measures Protocols based on the National Guidelines for the Reopening of the Tourist Sector and those of the National Rally Commission (CNRM) for the health requirements for the registration park in Oaxaca and during the race track guaranteeing health priority in conjunction with the magic and splendor that is experienced in each edition.

In the following days we will send you the respective logistics for Oaxaca in the Registration Park as well as those each of the Closed Finish Arches where we will have restricted access.

As always, we thank you for your endless support and we look forward to seeing you from October 16 to 22, either in person or through our website <http://carrera-panamericana-live.s3-website-us-east-1.amazonaws.com/> where the race will be seen like never before, through our LIVE Stream.

We recommend you register in advance so that we can organize the delivery of badges, access, etc.

For team photographers, as well as Production Companies, please download the Rule Book for the use of image and rights of the name and logo of La Carrera Panamericana. Please check the requirements that must be followed during the event.

As every year, we look forward to improving your experience within the event. Any questions or comments are welcome.

Saludos cordiales,

Ana García C.
